

Proposed SCGS Heritage Centre

SCGS has a 110-year history of providing excellent education to girls to develop them into capable women of character and relevance. The School plans to expand the Archive Room to create the SCGS Heritage Centre to communicate and profile our heritage at a higher level and preserve our history and artefacts for posterity. The Centre will also serve as a resource and facility for the teaching and learning of History, National Education and Social Studies.

If you want to support this project, please complete send a cheque payable to "SCGS School Building A/C". Tax-exempt receipts will be issued for all donations above \$50.
